MESSAGE

I am delighted that the selected papers of 3rd **National Conference & Exhibition** on “*Emerging and Innovative Trends in Engineering Technology*” **NCEEITET-2015** organized at GCET campus, Jammu on September 15-16, 2015 are being published by **International Journal of Scientific and Technical Advancements** (ISSN: 2454-1532), which is an open access, peer reviewed, refereed, international, quarterly journal.

The said event is aimed to provide a common interactive platform for exchange of innovative ideas between the Academicians, Researchers, Technocrats, Engineering students, Scientists, and the Professionals from the Industry. The overwhelming response to the conference has ensured large participation of delegates from different institutes of repute and the industries.

I am thankful to the delegates for showing their keen interest in this conference by contributing their research papers.

I express my deep gratitude to the members of editorial board, expert panelist / reviewers who despite their busy schedule have timely conveyed their comments about the quality of technical papers after peer reviewing for publication of the same in the said proceeding.

It is matter of great honor for this institution that Maharatans & Navratans CPSUs and other reputed industries are participating and are also sponsoring this event for which I am highly indebted to these organizations.

I hope that the conference and exhibition shall provide the participants a valuable exposure and hands on experience from the eminent intellectuals and encourages them to inculcate scientific temperament to evolve into the technocrats of tomorrow and will further provide a platform for initiating collaborative research projects.

I am thankful to the members of the National Advisory Committee, Local organizing Committee, various sub-committees, Faculty, Staff and students of the college for their co-operation & guidance in organizing this event.

I therefore extend a warm welcome to all the distinguished delegates, scientists, young researchers and students to this conference & sincerely wish them an enriching, beneficial & comfortable stay during the conference.

I wish the conference all success.

Sameru Sharma
